through his hand but no bones were broken.

Yesterday afternoon Forest Ranger Elmer Boyle, Ketchum, said the first fire burned over 150 acres of land near Twin Valley. He said it burned about 100 acres in a sagebrush grove with some scrub timber.

The second fire was reported yesterday afternoon at Geyser Creek, Stewart, bureau of land management, Hailey, said the fire started at the mouth of Deer Creek and had burned about 100 acres. It was in a forested area which about two and one-half miles on Potter and Marsh Road and Taylor grazing land. Approximately 500 acres were blackened.

Tuesday afternoon, Mrs. Raymond May, Twin Falls, reported to Twin Falls county sheriff's office that her husband, Lyle, 40, was missing. She said she left the house to a tree and when she returned a short time later found her husband was lost in an area northeast of Nat-Soo-Poo on Coltonwood creek road. She said he had a new bridge and pack saddle.

Ide, and Joe Carter, La Crosse, N.

The 22 who picked farms are: Carl W. Johnson, Twin Falls; Elwood Williams, Ontario; Fred Max Ward, Riverside, Utah; Monroe Driggs; Floyd Minor, St. Anthony; Pauline Clegg, Frank Snyder, Pocatello; Carl Bruce Isaby, Caldwell; Michael Wells, Cave Junction; Eric Floyd, Idaho, Prineville; Gordon F. Hurlbut, Idaho Falls; Fred Hartill, Melba; Donald Owen, Soldier, Ia.; Conley Lockett, Willow Creek; Orry Roy Cypert, Twin Falls; John E. Johnson, Wellman Wilkinson, Blackfoot; Leroy Smith, Rupert; George W. Franklin, Pocatello; Carl Joe Johnson, Newell; Mervin L. Johnson, Lemons, Calif.; Leo Becker, Chico, Calif., and Dwight Lee, Chico, Calif. Paulis, 25, was the last to leave the park.

The group got back home Sunday night with their horses, but although they threatened to return Monday morning, they never did.

Meanwhile, the Dodgers increased their edge to 6-3 in the bottom of the eighth, and the game ended in a double header with a 1-1 tie.

That run came off Johnny Kucks, the second Yankee pitcher and that was it enough to win the game.

From that point on Maglie choked off Yankee three after three. Even though he looked like he might not make it through, he did.

Obviously tried, but determined to wrap it up in 9 1/2. Maglie faced him twice, but he had walked twice after that, so he had walked twice after that he won.

Finally, he struck out the last man, hit a sharp grounder to Junior Gilligan, and it was into a double play to end the part.

Mr. Eisenhower stood with the rest of the fans, which included former President Franklin Roosevelt, and Maglie as he strode from the mound as his teammate had struck him.

The crowd remained silent until the game was over.

After the game, Mr. Eisenhower got in an open automobile. As he did when he entered, Mr. Eisenhower stood up in the car and waved as it left the park.

TUCKER'S NATIONAL WHIRLIGIG

WASHINGTON — Sen. Allen J. Ellender, Jr., of Louisiana has been serving his constituents as a "broadcaster," although he denies having used that precious word. But this powerful member of the Senate Appropriations Committee is a shrewd advocate of ending or curtailing an operation that has cost more than \$1 billion during the past year.

Ellender's proposal has received strong support from a surprising quarter in the Senate — the Greeks. Allen, a career diplomat for 23 years, who is now ambassador to Greece.

In a recent address he said: "I know it will be a shock to you that they say: 'We'll take your specialist if we have to, but what we want is your money!'"

FORKORN AND WILL BE CUT SHARPLY — These two statements from such significant sources provide good assurance that the next administration will not be slow to reduce the canal's cost.

Hopes for a United Nations settlement are held to be no better. One extreme view is that the negotiators should forget everything they have done up to now and start fresh.

The reason given is that the principal Suez canal issue has been ignored. This is that canal traffic is expected to double in the next 10 years, just as it had doubled in the past 10 years.

This means that the canal itself must be "double-tracked," so that ships can move in both directions at all times. Today there are north and south convoys which must pass each other on schedule in the mid-channel.

Another point is that the proposed canal

will cost one and a half to two billion dollars — as much as the proposed Aswan dam on the Nile would cost.

Nasser seized the canal on the pretext that tolls would provide him with revenue to build the dam. Before he can build the dam, he must first finance the construction of a second canal, paralleling the existing channel.

The Suez Canal Users Association — SCUA — proposed by Secretary of State John F. Dulles is unlikely to bring about the canal's impasse.

Private shipping and oil companies consider themselves as the real users. They resent the fact that they have not been consulted by the diplomats.

There is some feeling that the Suez canal crisis would have adjusted itself, or that it

would have improved, if the diplomats had stayed out. They think negotiations between the old Suez Canal company, Egypt's new canal authority and the shipping company users would have worked out a deal. And it would have included a financing plan for canal expansion to handle its future traffic load.

It was admitted that the Egyptians are trying to be able to operate the canal, after fashion.

It is a common mistake of westerners to underestimate the skills of people from less developed countries. Thus it was thought the Russians couldn't develop an atomic bomb and the Chinese Communists couldn't fight a war against modern air power. It's difficult just to assume that Egypt's operation of the Suez canal will fail.

The proposition of the canal by ships of the various nations is said to offer no better solution. There simply aren't enough tankers and general cargo ships to haul the canal's normal traffic around Africa.

President Nasser has said that if SCUA tried to force ships through the canal with its own pilots, it will mean war. A war in this area would probably mean that all pipelines across the Arabian peninsula, from the Persian Gulf to the Mediterranean, would be closed and sabotaged.

That would create a real oil shortage in western Europe. Its effect would be worse than a mere stoppage of canal traffic. And this is what the private oil and shipping companies worried by diplomatic failures to make a settlement.

GOP ANSWER DEPARTMENT

Republican national committee headquarters has organized what it calls "The Answer Desk." Its job is to reply to charges against the Democratic presidential candidate, Adlai Stevenson.

The GOP answers take the form of short statements attributed to leading Republicans. Some of them are actually volunteered by GOP officials. Others are prepared by GOP candidates on request of headquarters. Still others are prepared by GOP public men, then submitted to various candidates for attribution to them.

Answers are currently being issued at the rate of four or five a day — 33 in one recent month.

They are furnished to Republican candidates for use in their speeches and delivered by messenger to some 50 press and radio correspondents.

Here are excerpts from a few of the recent Republican answers to Stevenson, to indicate their character:

By Sen. Thomas E. Martin of Iowa — "The new Stevenson is a liar. He has lied to date as he has not told the facts. He has ignored them or turned them upside down. Now he has personally become a smearer as well."

By Gov. Lloyd Stratton of Illinois — "Mr. Stevenson said in a press conference that he didn't know anything about an increase in the price of hamburger. This is a far cry from the Governor Stevenson who was up to his ears in a hamburger-horsemeat scandal in his own state back in 1952.... Naturally Mr. Stevenson didn't know anything about hamburger. He only knows about horseshit."

WHO'S YOUR CHOICE?

In view of all the discussion about whether Vice President Richard M. Nixon is qualified to succeed to the presidency, there's one other question being discussed around Washington, D.C., in an ever-simplified sense, what his 1968 election campaign is all about. The question:

Whom would you rather have as president in 1968 — Nixon, or Sen. Estes Kefauver?

POT SHOTS

OUNDS LIKE PROPAGANDA

Dear Pot Shot:

I am a member of the Foreign Service Association and a fervent advocate of ending or curtailing an operation that has cost more than \$1 billion during the past year.

Ellender's proposal has received strong support from a surprising quarter in the Senate — the Greeks. Allen, a career diplomat for 23 years, who is now ambassador to Greece.

In a recent address he said:

"Now I know it will be a shock, but I have to tell you that they say: 'We'll take your specialist if we have to, but what we want is your money!'"

FORKORN AND WILL BE CUT SHARPLY — These two statements from such significant sources provide good assurance that the next administration will not be slow to reduce the canal's cost.

For the sake of economy, the canal's main purpose is to reduce sharply this cost and subsequently ineffective venture.

The prospective saving of several billions a year will permit general cuts and reductions of military expenses.

Both have reason to know that it is a question of the minds of millions of voters and their representatives on Capitol Hill.

NEXT CONGRESS WILL ACT ON BURDEN — Both house and senate have shown their concern and doubt over continued burdens on American taxpayers by appointing critically minded committees to re-examine the canal's cost.

States Rights Party Favors National Bid

WASHINGTON, Oct. 3 (AP)—Supporters of T. Coleman Andrews, independent states rights candidate for president, today announced establishment of a national committee.

Committee co-chairmen Clarence E. Manion and John C. Stover announced yesterday that 39 business and professional men in 20 states as committee members.

Bedecked Manion, former dean of Notre Dame law school, and New Orleans' Charles Edison, former New Jersey governor and navy secretary, were publisher of the old enemy Washington Times Herald; retired air force Gen. George E. Stratemeyer formerly of the Air Force Board of Inquiry; and Braden H. Hugh Industrialist, and Connecticut industrialist Vivian Kellogg.

The committee announced establishment of headquarters here. It said its (national) headquarters will be established later this week in Richmond, Va.

The committee also announced that Andrews former internal revenue commissioner, and his running mate, Thomas H. Werdel of Bakersfield, Calif., will deliver speeches at state rights campaign meetings in all states right after the Nov. 6 election.

The committee said no far eight southern states and six states in the north and west have voted to appear on the ballot Nov. 6.

Adlai Scores President for "Idle Words"

JEROME, Oct. 3 (UPI)—Adlai E. Stevenson accused President Eisenhower last night of years of words without action on issues of human interest and welfare.

Eisenhower delivered a sharpshooting attack on Stevenson and a scathing critique on the president's failure to climax a day which saw the presidential race turn a big corner.

Eisenhower's "wicked nonsense" attack at the Democratic breakfast yesterday, gloves off and catch as catch can, to 100 and 100, was another.

It is really on the historic green of Monticello that Stevenson's "idle words" were delivered.

"I am afraid that this is becoming part of the political landscape," the previously unidentified with whom Stevenson was staying told the Associated Press. "It is Nixon who always talks about the opponents in terms of 'appeasement' and communism and treachery and would-be traitors."

It is the political stalemate of extreme and loose language is not becoming contagious."

Adlai E. Stevenson's critics have been to "Eisenhower off his pedestal" as their men can slay toe-to-toe with him on the issues. Eisenhower gave them a chance to do so when he said Democratic claims that only Democrats care for the working man were "ridiculous."

London, Oct. 3 (UPI)—Communist Party members in Britain are calling for a general strike five weeks away, Stevenson said into New York diplomatic reports from behind the iron curtain today.

The high sources said the War

Party had received a telegram

from the Kremlin for "stoppage"

handing of the Poznan riot trials.

Newspapers from Poland indicated the trials have not followed through on the demands of the

communist and nationalistic

elements in the Polish state to touch at points in six New Jersey counties whose vote hurt him the most in 1960 in losing the state's 18 electoral college votes to Eisenhower.

Sudden Strike Stops Work at Machine Plant

PHOENIX, Oct. 3 (UPI)—Production at the largest tractor plant ever stopped today when "an alleged" midnight shift failed to show up for work in protest of an alleged pay cut.

About 22,000 employees were laid by the walkout which the company termed a "wildcat strike." The workers, who had agreed to a 10% cut, threatened to reduce a worker to a sweeper unless he worked faster, according to a company spokesman.

The workers and his union steward walked off their jobs after talking with the foreman, the spokesman said. The steward, who was not named, then laid down their tools and also walked out.

Dean Turner, president of local 344, American Federation of Teachers, reported he had received a statement from the company saying the union had refused its members to accept a 10% cut in pay.

Pickets, an employee relations manager for the company, said the union refused to commit itself on getting the workers back to work.

Wilson and his company officials met in one and one-half hour session which broke up shortly before midday. Wilson said he did not know what was said. Pickets, an employee relations manager at the plant for the past several weeks,

Stevenson's Talk Flayed by Squad

NEW YORK, Oct. 3 (UPI)—A Republican "knight squad," moving hard on the heels of Adlai E. Stevenson, yesterday accused the Democrat of "idle words" and "treacherous" words.

Republicans, following the Stevenson motorcade, at a press conference suggested that the military draft and hydrogen bomb tests be canceled.

The team was made up of Sen. Karl E. Mundt, S. D., and Thomas E. Martin, Ia., and Reps. William H. Wyndham, Ia., Donald E. Jackson, Calif., and Albert P. Morano, Conn.

Quakers Reported

LAWRENCE, Kan., Oct. 3 (UPI)—Kansan radio said today heavy casualties were feared in a severe earthquake which hit several areas of Lawrence, Kansas, Saturday, and the tremors touched off huge landslides in the mountains.

Dr. Konrad Adenauer is chancellor of the Federal Republic of Germany.

Kefauver Has Brief Holiday In Southwest

SANTA FE, N. M., Oct. 3 (UPI)—Sen. Kefauver, the handpicking Democrat who has been a constant thorn in the side of the Eisenhower administration, took a "one-day" vacation from campaign chores today without losing his time on his hands.

The senator, who lives at a ranch five miles from Santa Fe, planned to watch the first game of baseball's world series on television and then return to his office before resuming his energetic campaign in Los Angeles tomorrow.

The senator, however, published in the Santa Fe New Mexican who recently served as chairman of a citizen panel which reported last week on atomic energy's potential uses for atomic energy. One phase of the atomic energy program—nuclear power—is Kefauver's main concern topic in the West.

Speaking at the Democratic convention in Los Angeles, Kefauver declared that other nations—including Russia—have outstripped the United States in nuclear power development, but that President Eisenhower let the atomic energy program get bogged down in partisan politics.

In United States, the senator said, has dropped to "third" behind Britain and Russia in the struggle for power while Chairman Lyndon B. Johnson, who has been a strong champion of the AEC, has "bogged himself injecting the AEC into politics through the now-famous Dixiecrat plan."

Setting aside that, under Democratic administration, the AEC would be taken "out of the political mud," Kefauver said, "The AEC has plunged in with the President's acquiescence."

Unemployment Is At Low for Year

Although the number of persons making new claims for unemployment compensation in Idaho increased, the state percentage of unemployed workers among those eligible for coverage hit a new low for the year yesterday, and the unemployment security agency figure for the week ending Sept. 8.

The average for the week was 1.7 per cent, up from 1.6 per cent the previous week. The national average of 2.8 per cent. Average unemployment compensation payment for the week was \$22.20 for each claimant.

New claims for unemployment compensation were filed by 180 persons.

Picketed Man Defends Right In Dixie Talk

Houston, Oct. 3 (AP)—Gov. Frank Clement of Tennessee last night told members of the House he was a citizen of the South who had the right to defend the people when the government gods "had a perfect right to do so."

Clement addressed a Zionist fund raising dinner last night at the Shabazz Hill Inn hotel.

The group, mostly men and women,

partied early in and down across

the street from the hotel, but left

"I am a later integrator,"

said Mr. John W. Barnett of the

citizen council announced several days

ago that it would be staged against Clement when he

arrived in town to quell re-

sentiments in Tennessee.

"It is great to live in a country

where one is allowed to express his

opinion and to defend his

rights," he said in referring to

the pickets. "There are some

people in my city that are in an up-

per over my head and I am

glad to see them who are picking out

a perfect right to do so."

One of the pickets was identified

as J. L. Clegg, 21, of Mansfield.

Clegg, a drive-in cafe at Mansfield

and a sign outside in bold

letters: "We Don't Serve Niggers

Here."

There also is a leading aggres-

sive movement at Mansfield, where racial

troubles stirred at the beginning

of this year. Last October, 21 black

attempted to enrol in the all-

white Mansfield high school.

Curry said some of the黑人

had shown up at the school, but

most of them had decided to drive

down and help out." Mansfield is

about 36 miles north of Houston.

Clement, who has been in the national convention, spoke

at night at a testimonial dinner for

Dr. Marcus Livingston, Houston

black attorney, who is said to

be in need of bomb shelters

for 300 negroes who live near the

Gas City in Israel.

Black students are taking action in sending

into racially mixed Clinton,

Clinton, Clement said:

"To help me God, I will preserve

my and my wife's rights as long as I am a governor."

He mentioned — politics — briefly,

then calling John Foster Dulles the

greatest unkind man in his

position.

Victory for 'Ike'

WASHINGTON, Oct. 3 (AP)—Sen.

Frank Walker, R., Ida., called on

President Eisenhower yesterday to pay his respects.

Walker, who is running against

Democrat Frank Church for

Senate seat this year, reported

President asked him how the

election would turn out.

Walker said he came to Washington

for a Pentagon briefing on the

situation.

sounded out fellow finance minister of communist health nations on the idea of direct economic ties between the communists and Western Europe reported by United Press.

2. Adriaens said at Hamburg, Germany, Monday night that Britain and France must more closely to the European area, but without pointing to the need for closer international cooperation.

3. Britain expressed open alarm at the idea of new Anglo-American alliance. Such a shift of policy would boost the long Soviet and weaken the Anglo-American alliance, but would strengthen Europe and deprive the Russians of all hope of winning over the West.

Banish air force officers examine a Polish jet fighter that crashed landed on an unoccupied airstrip at Danish air base, which was unhooked and taken to Copenhagen for further examination. It was said the plane was fitted with extra radar equipment and the tail assembly was described as "really something special" due to its extreme height.

London, Oct. 3 (UPI)—Britain's chief of staff announced several days ago that he would stage a secret meeting with continental European leaders to discuss closer ties.

1. One of the pilots who escaped from the plane was captured and sent to Denmark.

2. Britain's chief of staff, Gen. Sir Anthony Eden, met with French Foreign Minister George Bidault and Belgian Foreign Minister Paul-Henri Spaak at a conference in Paris.

Suggestions Offered to Give Americans Chances to Live

BY HAL BOYLE
NEW YORK, Oct. 3 (UPI)—Can you never find time which might help you and your family to live longer?

If this is a normally safe week, Americans alive this morning will be dead seven days from today.

They will die in accidents, most of them avoidable.

They will die in car accidents, most of them avoidable.

They will die in fires, most of them avoidable.

They will die in wars, most of them avoidable.

They will die in diseases, most of them avoidable.

They won't die.

Well, fellow Americans, that's our happy, prosperous country—the one where we have a short free and easy life, a nationwide educational program.

During the bloody second world war the United States suffered an average of 82,000 combat deaths per year.

But during peaceful but even more bloody 1953 the accident toll was 82,000.

What can we do in this case?

It's been managed to be more deadly at war than peace.

The number of Americans killed in accidents last year was 10,000.

That's more than in the Korean War.

It's more than in the entire Korean War.

The financial cost of these accidents came to 10 billion dollars—enough to run the New York state

government for the next eight years—and many will be smokers who'll burn their last cigarette in bed just before falling asleep.

The seventh annual emergencies-don't-wait week, proclaimed this past week, has been observed by 300 mayors, started Monday.

And what will happen during the next seven days, even as after passing the 10th commandment, and many more, started Monday?

Hawthorne predicts 1,784 violent incidents, 82,000 combat deaths, and 10,000 combat wounded annually.

But during peaceful but even more bloody 1953 the accident toll was 82,000.

Some 47 will die of leukemia, gas or heart attacks, strokes, and many more, started Monday.

About 731 will be killed in traffic mishaps of all kinds.

What's the best way to keep members of your own household off the obituary list?

Hawthorne offered these suggestions:

Keep poison and household cleaners out of the reach of children.

Keep guns and knives are not always well lighted.

Don't overload wiring, and don't store oil rags.

Keep your car in good condition.

Don't drink and drive.

Don't smoke.

Don't assume they are unloaded.

Keep a first aid kit in your house and car, and learn how to use it.

Gooding Area Club for GOP Holds Session

WENDELL, Oct. 1.—More than 40 women attended the potluck luncheon sponsored by members of the Twin City Republican Women's club Monday at the city hall.

After the luncheon, the open prayer. Group singing was led by Mrs. R. O. Petersen, program chairman.

Leeland Burks, chairman of the Gooding County central committee, spoke. Vernie Elundt, accompanied by Barbara Elundt, played two saxophone solos. Mrs. R. O. Petersen, Mrs. E. C. Johnson, Mrs. M. McCloud and Mrs. Earl Bork, Gooding, were introduced.

Mrs. Wes Trounson was elected vice president and Mrs. Gora, Mrs. G. C. Wehner and Mrs. M. McCloud were appointed to head the committees to get the election day.

The election plans for an Oct. 20 meeting at 2 p. m. at the city hall were made. The meeting will replace the regular Nov. 5 meeting which will be held at the residence of Mrs. R. D. Bradford and Mrs. Edna Burk, will be hostesses.

Plans for "Ice Day," Oct. 12, to observe the birthday of Abraham Lincoln, were made. The committee appointed to make arrangements includes Mrs. Petersen, Mrs. Thomas Price, Mrs. J. G. Anderson, Mrs. L. E. Bradshaw, Mrs. D. B. Bradshaw and Mrs. Floyd.

Committee members elected day.

Lost Chance
NEWARK, N. J., Oct. 3 (UPI)—A librarian here has lost her youngest son because she has been unable to pay his tuition fees. Philip Carter has not resigned in corporation attempted long ago.

"I don't know when we'd have the right field."

Record Sales, Profits Listed For First Half

WASHINGTON, Oct. 1 (UPI)—American manufacturers ran up record sales and profits in the first half of 1957, with employment at near-record levels and consumer demand for goods at an all-time high.

Their developments were reported by government agency which said:

Manufacturing corporations sold \$202 billion dollars worth of goods in the first six months of this year, up 10 per cent from the same period in 1956.

Total employment in the U.S. was up 1.6 million in the first six months of 1957, still clinging to the record of 66,712,000 set in August.

The drop to 65,011,000 was attributed largely to a return of students to schools. The number of adult workers remained steady.

The number of hours also declined by about 200,000 last month from the record 170,000 in May.

This was one of the lowest unemployment totals recorded in the last three years.

Ruling Reversed In Debt Release

ROCHESTER, N. Y., Oct. 3 (UPI)—A state supreme court Thursday reversed a lower court's decision in a case involving a man from a 12,101 debt to the First National Bank of Evansville, Wyo.

It was unanimously held that Kenneth J. Burns still owed the sum to the bank as the balance of a promissory note he signed in Evansville in January.

Burns and his brother had borrowed the money for their auto repair in Evansville, but later he moved to Idaho and became a part owner of a business there.

In a second Arco case, Chief Justice C. J. Taylor upheld a decision of the state supreme court setting aside \$4,000 as the unpaid balance of a promissory note owned by Frank and Valerie Goodman to Dore M. Wherry. The ruling was unanimous.

Eisenhower to Broaden Plan For Campaign

WASHINGTON, Oct. 3.—President Eisenhower broadened his plan yesterday to insure his appearance in New York City late this month.

President's Secret Service said he will still travel, but it was apparent that one reason for the decision was that no reason for the decision was given. Senator Jacob Javits, who is in New York for the U. S. Senate from New York, announced yesterday that his announcement followed a White House statement that Eisenhower would make some important policy pronouncements on social major campaign issues.

He told the Times that while he was in New York Eisenhower would make some important policy pronouncements on social major campaign issues.

Whether Eisenhower would make a speech on this occasion was one of the details not mentioned.

Javits said he hoped that while he was in New York Eisenhower would make some important policy pronouncements on social major campaign issues.

He told the Times he was "making two or three more talks than I had first contemplated" and that he had not decided what the things were that he wanted him to do.

Famine Noted

MOUNTAIN, Oct. 3.—An acute food shortage is forcing the members of the Batangs Island group off the northern Luzon coast to subsist on bread, salt fish, the Philippines have reported today.

A navy report attributed the shortage to a drought which preceded three recent tropical storms, which inundated the island by flood and lack of transportation to bring food and water from the mainland.

The men, who remained except for a slight case of exposure, ate the skin and throat of the woman who was washed ashore, and officers said it appeared she was dead.

As Mrs. Hubertine Stetzen, 57, officers of the Santa Cruz county sheriff's office and the USO helped launch a search for the woman and her child when the woman's car was found in Mueller Park, at the mouth of the canyon in which they were found.

The woman's husband was among the searched. He told officers he had been distraught recently.

Aid for Farmers Stressed in Talk

TULSA, Okla., Oct. 3.—Undersecretary of Agriculture Charles D. Morse said today that the federal government has provided more than \$2 million dollars worth of aid to Oklahoma farmers in Oklahoma in the last two years.

He said the aid consisted of grain and hay programs and food for needy farm families. In addition, the state's farm families in drought areas have benefited from several special types of loans.

Morse promised that aid will be continued on a two-way basis for delivery at the Tulsa state fair.

Abandoned Child Found in Canyon

MOUNTAIN, Utah, Oct. 3.—Officers found a 4-month-old girl abandoned near a stream. Her body had been left for 5 minutes later found floating in the body of the child's mother farther up the canyon.

Aid for Farmers Stressed in Talk

TULSA, Okla., Oct. 3.—Undersecretary of Agriculture Charles D. Morse said today that the federal government has provided more than \$2 million dollars worth of aid to Oklahoma farmers in Oklahoma in the last two years.

He said the aid consisted of grain and hay programs and food for needy farm families. In addition, the state's farm families in drought areas have benefited from several special types of loans.

Morse promised that aid will be continued on a two-way basis for delivery at the Tulsa state fair.

Abandoned Child Found in Canyon

MOUNTAIN, Utah, Oct. 3.—Officers found a 4-month-old girl abandoned near a stream. Her body had been left for 5 minutes later found floating in the body of the child's mother farther up the canyon.

The woman, who was pronounced dead in a high case of exposure, ate the skin and throat of the woman who was washed ashore, and officers said it appeared she was dead.

As Mrs. Hubertine Stetzen, 57, officers of the Santa Cruz county sheriff's office and the USO helped launch a search for the woman and her child when the woman's car was found in Mueller Park, at the mouth of the canyon in which they were found.

The woman's husband was among the searched. He told officers he had been distraught recently.

MAGLIE, FORD GET PITCHING ROLES IN WORLD SERIES OPENER

Yanks Are Slight Favorites to Win Baseball Classic

BROOKLYN, Oct. 3 (AP)—Sal Maglie, Brooklyn's 38-year-old "comedian kid" faces Whitey Ford, the New York Yank's left-handed ace, in the opener of the seventh Dodge-Yank world series Wednesday at Ebbets field, with President Eisenhower in a box near the home dugout.

Although the Yanks finally were beaten by the Dodgers last fall in seven games and must play the first two games in enemy territory, the oddsmakers still give the Yanks a slight edge. They are 2 to 3 favorites to win the best-of-seven series. The opener is 6 to 5 and takes your pick.

The legend goes that the Yanks won when he was acquired on waivers from Cleveland in mid-May, because had been a doubtful starter because of a sore arm. When the Yanks were ready at Tuesday's final workout, old Sal got the nod.

"My shoulder is a little stiff," said Maglie. "But I am sure it will be okay tomorrow."

It was Maglie who inspired the Brooks to their winning finish that finally won the pennant from the Yanks. The Yanks' stars—including the no-hitter from Nicasas Park, N. Y., threw a no-hitter at Philadelphia a week ago and started the Dodgers on the way to their title. The Yanks' stars included Pittsburgh by winning Saturday's first game.

Maglie (18-6) will be working with only three days rest. However, he has had a good record against the Yanks, 12-7, with a .562 average—including the no-hitter. A curving curve ball pitcher with sharp control and an uncanny ability to get batters to swing at his pitches, Maglie is a real "old pro."

In Maglie's only series start, against the Yankees he lasted five innings for the New York Giants in the opening game in 1951. He was charged with the defeat.

Manager Alston hardly had time to catch his breath after the loss when Williams' hit him in the head into immediate series panic. Because of Sandy Amoros' two home runs Sunday and his hot hitting streak, Alston decided to use the right-hander in the second game.

Alston had used a left-handed pitcher for the first time. Amoros, who made the sensation of running catch in the seventh game last fall, had been held in check in the second game last night when he dropped a fly ball in a losing game with Philadelphia.

Ford (18-6) beat the Dodgers twice last year, both times at Yankee stadium.

Kiner Claims Pressure Kept Mantle From Breaking Ruth's Homer Record

SAN FRANCISCO, Oct. 3 (AP)—Seventh place San Diego Padres. But he expects more help to arrive during the winter from the Cleveland Indians, with whom San Diego has been trading players since the team's formation in 1950. The Indians have the traditional "battle of the bay" with Washington State Saturday.

"Actually about all I do is shave my face for Nancy," he said after returning from a vacation.

"That's about all I do," Kiner said. "I'm not much of a drinker either."

"There's no doubt that Mantle was under pressure toward the end, especially in New York," he said.

Ralph Mantle, the 31-year-old Indians' halfback, had a hit in his first year out as a rookie, but Ruth's record of 608 yards in two games.

"I think he's been under pressure to break Ruth's record," Kiner said.

Mantle had to settle for 32 after a fast start with 10 in his first three American League games.
